Career Objectives

To obtain a position where my experience and education both can be utilized and expanded.

Work for an organization which provides me the opportunity to improve my skills and knowledge to growth along with the organization objective.

Personal Projects

YelpCamp Demo Project
It is a Node.js web application for a fictional start-up that allows you to add campgrounds for other users to comment on and rate, as view campgrounds added by other users.
Users can also signup or login using a username and password. This project provides user authentication which means they can not add campgrounds if they are not logged in.
